## Horizontal Baby Changing Station

When outfitting your restrooms with essentials your guests need, you should factor in suitable accommodations for your infant demographic. You want to ensure you're getting a top-quality product that is safe and can handle daily use. Our superior changing stations come with a wide variety of features designed with parents and children in mind. Each baby changing station comes with dual side hooks that can handle a purse and diaper bag comfortably. No one wants to put their items on the floor, and with our sturdy hooks, they won't have to. We have a wide liner dispenser built-in that holds 100 easy-to-access liners and a heavy-duty, reliable safety strap with a high-visibility slide lock. You want to guarantee a safe product to your guests, and we have gone above and beyond to deliver just that. Our bed surface is concave to prevent infants from rolling; it can support up to 50 lbs. and has an antimicrobial coating that dramatically reduces undesirable odor-causing bacteria. Furthermore, the Horizontal Baby Changing Station conforms to global safety standards, giving you even more peace of mind.
