Wooden 27-Compartment Literature Organizer

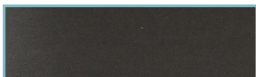

Life is crazy and messy, but you can help yourself, staff, and students stay as organized as possible with our Wooden 27 Compartment Literature Organizer. Its versatility allows it to be employed anywhere, such as at school, offices, or daycares. Created from sturdy wood material, the contemporary literature organizer will seamlessly blend into your room and outlast cheap cardboard alternatives. Our customizable organizer can be adjusted in 2-inch increments, accommodating a variety of items you need to store. With no pesky wooden pegs to adapt to the perfect size, you can effortlessly change each shelf to the desired height by sliding them into the grooves etched in the wood. It can hold papers, files, or even larger items like art projects, office supplies, and binders. Each shelf is constructed from durable MDF; so, you can be assured it will firmly hold your items. These compartments are also perfect for name tags or labels so that you can assign slots for a person's name, project, or date. Time is of the essence; thus, we designed our organizer for easy assembly, with minimal hardware that will not stagger over time. When you buy our Wooden 27 Compartment Literature Organizer, you're getting a long-lasting product that will help maintain order and locate essential items immediately.

Features:

- Customizable:** The compartments can be adjusted in 2" increments.
