40-GALLON RECYCLING CONTAINER

.....

Applying Your Stickers

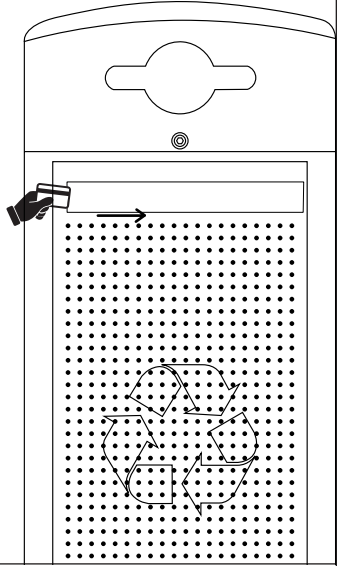

Step 1:

- A. Take your sticker and line it up directly under the lid of your trash can.
- B. Peel off a corner of the backing so that the transfer sticker begins to stick to your can.
- C. **Slowly** peel the backing off.

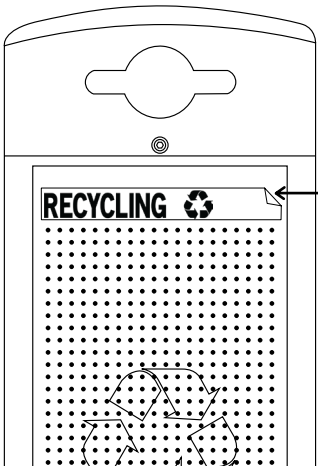

Step 2:

- A. Once it is fully peeled off, take a credit card or any straight edge piece of plastic and gently scrap it across the sticker.
 - a. This will ensure that it is adhering to the trash can.

Step 3:

- A. Starting from the right-hand side, **slowly** peel the top layer of plastic off the transfer sticker.
 - a. Please note that you **must** do this step very slowly or risk ripping the sticker
- B. Should the sticker start to lift, simply back up, take your credit card, lightly scrap it to help it stick, and try to remove the top layer of plastic again.

Step 4:

- A. Once the top plastic layer is fully removed, should you have any residual adhesive on your can, you can use a little bit of rubbing alcohol gently to remove it.
